

Dura Trac® Clearspan Nursery

Stray voltage is hard on piglets and dangerous to employees.

Dura Trac® flooring WILL NOT conduct electricity.

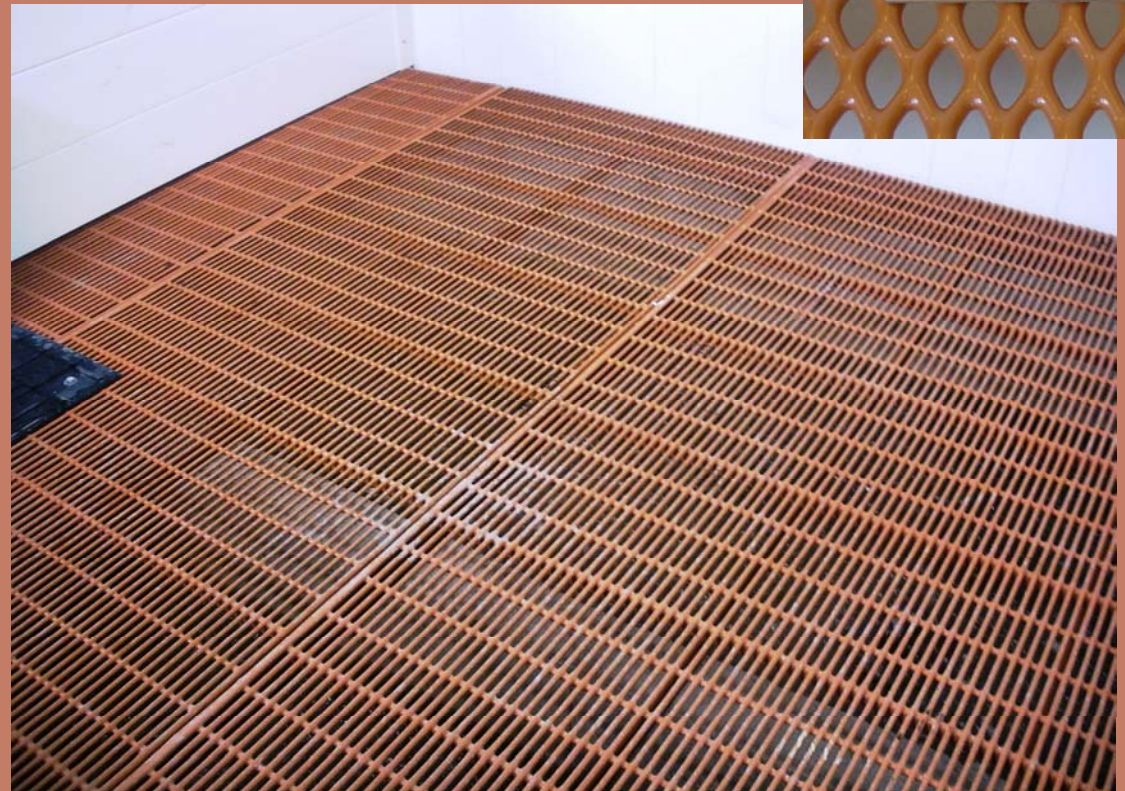

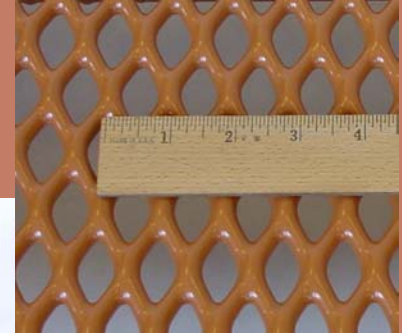

Why? Because all flooring is 100% plastisol (PVC) coated.

DURA TRAC® vs. BARE STEEL—NO CONTEST.

Dura Trac® floors won't shock you—but the performance of our products will!

Dura Trac® flooring sets the standard in quality built animal flooring.

- Available in custom lengths up to 12' with limited widths
- Designed for traction, warmth, and prevention of floor related injuries
- Easy & efficient cleaning eliminates bacteria build-up
- Available in Expanded Metal or Welded Rod

Dedicated to customer satisfaction since 1976.
