

Custom built to suit individual remodeling needs

Dura Trac® Clearspan Key Benefits

- Structurally sound—keeps pigs out of pit
- No additional support necessary
- No injuries from wire
- Lower installation cost
- Simple, more efficient cleaning eliminates bacteria buildup
- Built to *your* specifications

Dura Trac® Clearspan Creep Side in expanded metal with cast iron center

Dura Trac® Clearspan Creep Side in welded rod with galvanized triangular rod center

Cast iron or galvanized triangular rod center keeps the sow cooler. Dura Trac® Clearspan Creep Side flooring is designed for traction, warmth, dryness, and prevention of floor related injuries.
